Bryants Orchids 2016 -2017 Cymbidium Seedling Flask List

1603 (Cronulla Star x Joan’s Era) “Kouri” x Laramie Angel “TP”
 “Kouri” is a tough pure white with white column. It gets up to the low 20’s on a stem and multiple spikes. The lip has a white border around the dark crimson edge and a yellow centre. Expect early floriferous, compact plants with clean white flowers and interestingly marked lips.

1604 (Cronulla Star x Joan’s Era) “Kouri” x (Anna Szabo x White Valley)
 “Kouri” is described above and is used here with a different genetic line. Clean whites with dark contrasting lips expected in mid- season.

1605 (Cronulla Star x Joan’s Era) “Kouri” x Spring Flame “Blushing”
 Expect shapely, productive, floriferous, tough clean whites with dark edged lips.
